SKILLS

- Python
- Problem Solving
- AI Agents
- Software Developer
- HTML/CSS
- AI Tools Usage
- Adaptability to Change
- Good Communication
- Game Developer
- Vibe Coder
- Good Team Work
- Core Ethics

Certifications

- Python Certification
- Web Development Course
- AI/ML Workshop
- IBM Certification
- AWS E2 Certification
- CCTV Hacking Competition
- WIE IEEE Certification

Declaration

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief.

PROFILE

I am a passionate Computer Science Engineering student at Silver Oak University, Ahmedabad, with a strong interest in Artificial Intelligence, Python development, and software engineering. I enjoy building practical and innovative solutions that solve real-world problems through technology.

I have worked on multiple projects, including an AI-powered Regex-to-String Generator, a To-Do List application, a Remote Operating Lift Management System, a Racing Game, and a Perfume E-commerce Website. These projects have helped me strengthen my development skills across multiple domains.

As an IEEE member and JEE-qualified student (AIR 9856), I am continuously exploring new technologies and improving my technical expertise.

PROJECT

- 1.AI-Powered Regex-to-String Converter**
Developed an AI-driven Python application leveraging Antigravity AI tools to translate regular expressions into human-readable string formats, streamlining regex analysis and debugging for developers.
- 2.To-Do List Application**
Built a full-featured task management application in Python/JavaScript with create, update, delete, and mark-as-complete functionality, focusing on clean UI/UX and reliable state management.
- 3.Remote Lift (Elevator) Management System**
Designed and implemented a remote-operable lift management system in Python, engineering the core control logic to automate multi-floor operation and coordination.
- 4.Racing Game**
Developed an interactive 2D racing game in Python featuring real-time player controls, dynamic obstacle generation, and a live scoring system.
- 5.Perfume E-Commerce Website**
Built a responsive e-commerce website for perfume retail, implementing dynamic product listings and an intuitive, user-friendly interface to drive engagement and ease of browsing.

EDUCATION

- | | |
|------------------------------------|---------------|
| B.Tech CSE — Silver Oak University | 2023-pursuing |
| CGPI:- 9.75 | |
| 12th Board HSC | 2021-2022 |
| Percentile:-77.79 | |
| 10th Board SSC | 2019-2020 |
| Percentile :- 98.15 | |

Achievements / Extra Activities

- IEEE SOU Member
- Participated in Hackathons
- Academic Excellence
- Gaming Community Management
- JEE Qualified in 2023
- AWS Cloud Club Member at SOU
- Google Deveploer Club Member at SOU
